

The School in Rose Valley 2016-2017 Transportation Plans Form

Please use one form for each student

Dear **Parents of Kindergarten through Sixth Grade Students**,

Please indicate what your child's regular plans will be for the year for transportation to and from school. Unless we hear differently from you on a given day, this is what we will assume the plan will be.

On any day or days when your child's plans will be different than you have indicated below (such as going home with a friend, pick-up by grandmother, or staying for Afternoons), you must call or email the school office directly to authorize the change by 11:30 for half-day, and 2:45 for full-day students. Children will not be allowed to do anything different without your direct authorization.
